Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

A Notification of Abandonment was mailed from the Patent Office for the above-captioned application on August 12, 2002. The Notification stated that the application was abandoned for failure to timely file a proper reply to the Final Office Action dated December 11, 2001. This Office Action, however, was not received by Applicants within the statutory period for response. In fact, the Office Action was not even received until after the Examiner telephoned Applicants' undersigned Representative on August 8, 2002, inquiring as to whether a response to that Office Action was filed. When the undersigned advised the Examiner that the Office Action had not been received, the Examiner faxed a copy of the Office Action to the undersigned. Thus, abandonment of this application was unintentional.

Applicants hereby petition for revival of this application under 37 C.F.R. §1.137(b), as the entire delay in filing the required reply from the due date for the reply until the filing of this grantable petition under 37 C.F.R. §1.137(b) was unintentional. As this application was filed after June 8, 1995, it is believed that a terminal disclaimer is not required with this petition. Enclosed with this petition is a response to the Final Office Action dated December 11, 2001. The Patent
